Summary

Engineering graduate specializing in Artificial Intelligence & Machine Learning with a strong interest in Product Management, Product Operations, and Customer Experience. Experienced in analyzing user needs, building data-driven dashboards, documenting product requirements, and coordinating cross-functional projects. Skilled in SQL, Power BI, Excel, Jira, and AI-powered tools, with a passion for improving user journeys, optimizing post-purchase experiences, and building customer-centric digital products.

Skills

Product Skills: Product Management, Product Operations, Customer Experience (CX), User Journey Analysis, Product Documentation

Research & Analytical Skills: Product Analytics, Market Research, Trend Identification, Insight Generation

Professional Skills: Customer Empathy, Stakeholder Management, Ownership, Communication, Critical Thinking, Adaptability, Learning Agility

Technical Skills: Jira, Excel, SQL, Git/GitHub, Google Sheets, MS Office, Power BI, ChatGPT, Gemini, Claude

Projects

E-Commerce Sales Analytics Dashboard | *Power BI, SQL* **Jan 2026 – Feb 2026**

- Built interactive Power BI dashboards to monitor sales performance, customer behaviour, and operational KPIs.
- Analyzed customer and business data using SQL to identify trends and support product decisions.
- Designed intuitive dashboards that improved visibility into business performance and customer insights.

HR Attrition Analytics Dashboard | — *Power BI, SQL, Excel* **May 2026 – Jun 2026**

- Designed and developed an interactive HR Attrition Analytics Dashboard in Power BI to monitor workforce KPIs including attrition rate, hiring trends, employee satisfaction, average income, and department-wise performance.
- Created intuitive dashboards and executive reports that improved stakeholder visibility into HR metrics.
- Applied data visualization and analytical techniques to transform raw HR data into actionable insights.

Text-to-Media Converter | *OpenAI API, Python, SQL* **Feb 2025 - Mar 2025**

- Designed an AI-powered content generation platform focused on improving user productivity.
- Gathered feature requirements and documented user workflows before implementation.
- Collaborated on prompt optimization and product improvements based on user experience considerations.

Awards & Certifications

- Google Project Management Professional Certificate
- Scrum Fundamentals Certified (SCRUMstudy)
- Deloitte Data Analytics Job Simulation (Forage)
- Adobe Digital Marketing Strategy Specialization
- **Think-Vision IDEATHON (2023):** Secured second position among participants by presenting an innovative solution during the ideathon.

Achievements

Patent Holder:

- Dual-Axis Rotation Enabled Bulb Holding Device (Patent No. 202311088264)
- Self-Adhering Stethoscope (Patent No. 202311054393)

Education

B.E. Computer Science (Hons.) Specialization in AI & ML

Chandigarh University, Mohali

2022 – 2026

CGPA: 8.30
